THE BEAUVOIR FOUND GUILTY

Social Club Sold Liquor on Sunday.

FINE ASSESSED AT \$50

Standard Club Case Will Rest on the Appeal.

Secretary Jackson Testifies That White Key Was Sold, But Claims

Charter Exempts the Club from Law.

Acting under the affirmative charge delivered by Judge W. H. Thomas, a jury in the criminal division of the City Court yesterday found the Beauvoir Club, one of Montgomery's foremost social organizations, guilty of selling liquor on Sunday and assessed a fine of \$50 and costs against the club.

This case was appealed to the Supreme Court by counsel for the club, and on the decision of the Supreme Court in this case, rests the guilt or innocence of the Standard Club of Montgomery, also charged with selling liquor on Sunday.

By agreement of counsel, the case against the Standard Club was continued until the next term of the City Court to await the Supreme Court's decision in the Beauvoir Club case.

The greater part of the time, during which the case before the City Court, was consumed in arguments by attorneys before Judge Thomas, seeking to establish the unconstitutionality of the act of the Legislature of 1903 making it unlawful for liquor to be sold on Sunday. Judge Thomas overruled all demurrers offered by the attorneys.

They were as follows: "First—Said indictment fails to state that at the time of the commission of the offense charged, the defendant was a merchant or shopkeeper."

"Second—That no such act of the Legislature of 1903, entitled 'An act to prohibit the sale of liquor and punish the keeping open on Sunday a bar room, or other place, for the sale of spirituous, vinous or malt liquor, is unconstitutional, in this, that said prohibition is not clearly expressed in its title.'

"Third—The act approved February 9, 1903, entitled, 'An act to prohibit the sale of liquor on Sunday,' is unconstitutional, in this, said act contains more than one subject."

"Fourth—Said indictment charges no offense known to the law of the land."

With demurrers overruled, counsel for the defense entered a plea that the club was exempt from the law, owing to its charter. This point was argued some time after which Judge Thomas announced he would hold that the charter of the club did not exempt it from the operation of the law prohibiting the sale of liquor on Sunday.

The legal parties completed the trial of the case before the jury was begun about 1:15 o'clock and evidence was offered.

Secretary Jackson Testified. W. L. Jackson, secretary of the Beauvoir Club, was the only witness called by the defense. He testified that the club conducts a bar room and that liquor is sold there on Sunday. He said that the liquor is the property of the members and is sold only to them. All of this testimony was given on questions asked by Solicitor Dent. The defense asked the witness no questions.

In answer to a question propounded by the Solicitor, Mr. Jackson admitted that other employees of the club, in addition to himself, had sold liquor at the club on Sunday.

The evidence of the witness combined with arguments of the attorneys lasted about a half hour after which Judge Thomas delivered the affirmative charge for the State.

The jury retired at 11:45 o'clock and returned a verdict of guilty at 2 o'clock. The fine was assessed at \$50 and an appeal was announced by counsel for the defense.

Attorneys representing the Beauvoir Club were Judge T. Scott Sayre, Gaston Gunter and Ray Ruehner. Lee H. Well and Leon Well were in court in behalf of the Standard Club.

The State was represented by Solicitor Dent and his assistant, W. T. Seibels.

The appeal to the higher court will be based on the demurrers and the plea of exemption entered by the defense.

The Beauvoir and Standard Clubs were indicted by the recent grand jury of the County on charges of selling liquor on Sunday. Owing to the popularity and prominence of both organizations, the cases have attracted widespread interest, not only in Montgomery but throughout the State, and a large number of spectators were in court yesterday to hear the proceedings.

The jury, which tried the case against the Beauvoir Club, was composed of W. Noble, W. G. Clark, T. J. Graves, W. D. Calloway, R. E. Garrett, Z. D. Pollard, T. R. Folmar, D. W. Owen, C. A. Griffith, W. Austin, J. M. Barnett and J. M. Farmer.

WOOD COMPANY FAILS. Break of Creelman Lumber Company Forces It to Receiver.

La Porte, Ind., Aug. 8.—Following in the wake of the failure of the Bank of America in Chicago and the Creelman Lumber Company, a failure two months ago, the Planet Manufacturing Company of this city, makers of picture frames and mount and record cases, today forced into the hands of a receiver.

Judge Richter, in the La Porte Circuit Court, appointed Emmet Scott, lawyer, to administer the operation of the plant, the creditors agreeing thereto. The assets and liabilities are not known, but the company was capitalized for \$100,000. The plant employs 200 men.

MAJOR WILL NOT ACT UNTIL CITY ATTORNEY RETURNS. Not until City Attorney C. P. McIntyre returns to Montgomery, said Mayor Teague yesterday, will the matter involving the payment of a cotton tax by the warehouses of Montgomery, be taken up.

It will be remembered that City License Inspector J. G. Cowan reported

to the mayor some time ago that certain warehouses of Montgomery had failed to comply with city ordinances, requiring a payment of a tax of one and one-half cents per bale on cotton stored in warehouses. These warehouses had, thus far, failed to report cotton owned by them and stored in their warehouses.

The mayor subsequently, called upon Acting City Attorney, R. P. Goodwyn, for his legal opinion in the matter, but thus far, the mayor has received no opinion and it has been decided to wait for the return of the City Attorney for final action on the matter.

The mayor is understood, holds that the warehouses have until August 10, to report to the city. They have thus far been silent although the license inspector has notified them by letter of the ordinance. It has been intimated that the cotton men will test the validity of the ordinance.

City Attorney McIntyre has been on a pleasure trip in the South for several weeks. He is expected to return to Montgomery tomorrow.

CANDIDATES AT ROANOKE. B. B. Comer and Others Set Forth Their Claims to Office.

Roanoke, Aug. 8.—(Special).—Political speaking by candidates for state offices is engaging the attention of the people of Roanoke. Yesterday Hon. B. B. Comer was advertised to speak. He was greeted by about a hundred people and was given a careful hearing. His discussion of the issues of the campaign was fair and clear. At the close of Mr. Comer's address Hon. John B. Ward presented his claims for commissioner of agriculture and industries and Hon. H. A. Skeggs, spoke in behalf of his candidacy for associate railroad commissioner. Both made favorable impressions.

Tonight Hon. J. F. Stallings will speak in the interest of his candidacy next Tuesday night. Hon. John H. Rankhead is billed to appear. So far, the people are not taking a great interest in any of the contests.

The prospects for crops in Randolph are flattering, notwithstanding the excessive rains.

A brick store and livery stable in Roanoke were sold at public auction by partnership owners the other day, and were purchased by one of the parties at interest—S. C. Burpee. The price was \$7,125. The bidding was made by one of the partners.

The demand for store houses and residences exceeds the supply, and this condition will doubtless increase with the approach of the A. B. and A. Railroad. Work on this line in this section is being finished rapidly.

CHOOSE DELEGATES. Candidates Must File Names Before Saturday.

Twenty-four Men Already Qualified to Go on Ballots For Seats in State Democratic Convention.

Candidates for membership on the delegation to the State Democratic Convention, September 10, have until Saturday night to have their names placed before the delegates to be printed on the ballots to be used in the primary election of August 27.

Fifteen days before the date of the primary, is the limit set by law, and the names of those who have their names placed before the people, hand in their applications to County Chairman A. H. Arrington before August 12, they will not be placed on the list.

Thus far, twenty-four names have been received by Chairman Arrington, a number equal to the delegation from Montgomery County.

The committee appointed at the County Executive Committee on Monday, consisting of John G. Crommelin, Bibb Graves, and W. T. Seibels, to devise a means of defraying the expenses of the primary, has practically decided to carry out the suggestion of Monday's meeting. This will include a canvass among the county officials and the successful candidates at the last county primary for subscriptions.

Chairman Arrington said yesterday that this course would doubtless be adopted in Dallas County, of assessing each candidate for delegates to the State convention the amount of \$1, to be used for this purpose, he said that matter had been discussed by the committee, but had been abandoned. The total expenses attaching to the county organization in the State primary, August 27, is expected to exceed \$200. A tax of \$1 upon the candidates for delegate, in Montgomery County, he said would not begin to cover the required amount.

It is alleged that the negroes shot and killed McCoo several days ago near Cecil in this county. They were arrested by Deputy Sheriff S. S. Belser and the warrants were sworn out before Justice B. C. Young.

DECEASED BY JUDGE SHELBY. Refuses to Interfere With Removal of Florida College.

Huntsville, Aug. 8.—(Special).—Judge David D. Shelby of the United States Court of Appeals, has rendered a decision in the case of the City of Lake City, Florida, against the State Board of Control and the State Board of Education of Florida denying the application for an injunction to prevent the removal of the college from Lake City to Gainesville.

The litigation relative to the university at Lake City grew out of the legislative act passed by the Florida general assembly providing for the consolidation of the agricultural schools of Florida into one great institution at Gainesville.

The people of Lake City gave the college a bonus of \$15,000 when it was established there and they fought the removal act through all the courts of the state into the United States Court of Appeals, losing every point of their contention. Judge Shelby heard the case in Chambers here and the fact was shown that the college in Little Rock had already been removed from Lake City and the people of that city reimbursed by the state.

WRITE S.S.S. OUR PHYSICIANS.

While we have the utmost confidence in the curative powers of S. S. S. in all blood troubles, yet we realize that in some cases causes unknown to the patient often hinder the best effects of the medicine. For this reason we have maintained for many years a branch to our business known as "Our Consultation Department." This department is composed of regularly graduated and licensed physicians who have made blood and skin diseases their special study, and who are employed solely to advise and help, without charge, those who use S. S. S. Thousands of people have been cured of blood and skin diseases of every kind by the use of S. S. S., and many of those who, perhaps, at first did not find the results entirely satisfactory, wrote our physicians a full statement of their case, and a little advice hastened the cure. We have nothing to sell you, and the only reason for wanting you to write to us is that we may use every effort to see that you get the best result from the medicine. You can then help us by advising your friends to use S. S. S., which you will know from all experience is all we claim for it. You can write with the assurance that all correspondence is held in strictest confidence, and that our physicians will give you helpful advice without charge.
